

# Math Exam – PreIB 3.AB 2 & 3

## Quadratic Functions & Equations

Ád'a Klepáčů

May 17, 2023

Meet Don Corleone, a crime boss. Don Corleone runs a fake car rental service to cover a tiny part of his profits from rigged slot machines and usury. Don Corleone's personal accountant has stolen a small set of data assembled over a three months period from an actual car rental company. He knows the **average price** per car
